## PRESIDENT HARRISON.

### His General Reception At

### El Paso City.

### yaffa Swapping Indulged

### With the Mexicans.

### A Rousing Greeting Given the Chief

### Execution at Lordsburg:

### Free Silver.

El Paso, April 21.—The Presidential party arrived here at 10 o'clock this morning. Their reception was a perfect ovation, American and Mexican representatives of President Diaz vying with each other in their efforts to favor President Harrison.

The city was elaborately decorated in American and Mexican flags and troops of both countries were drawn up at the station to receive the distinguished visitors.

When the party alighted from the train a salute of 21 guns was fired. Governor Carrillo, of Chihuahua, and staff, and General Rangel with a battery of artillery and a military band, participated in the reception as representatives of Governor Diaz, of Mexico, who was unable to be present.

The Chief Magistrate was received by a committee and escorted to his carriage which was an open barouche drawn by four gray horses. Seated with him were Governor Carrillo, General Rangel, of Mexico, and General McCook. Other members of the party occupied carriages with prominent local and Mexican officials.

A procession was formed including United States and Mexican troops, Grand Army Posts, Confederate Veterans, the fire department, civic organizations and colored citizens. The distinguished visitors were escorted to the Court House where a formal address was made. When the procession reached the nearest point to Mexico the artillery of that country fired a salute in honor of President Harrison. After a visit of two hours here the Presidential party left for Tucson, Arizona.

The Court House, Mexican Consulate and other places were literally covered with brilliant decorations. As the President mounted the platform the Mexican military band played "Hail to the Chief." While the Mexican battery, stationed on the Mexican bank of the Rio Grande fired a salute of 21 guns, an address of welcome was delivered by General Malloy, after which Governor Carrillo of Chihuahua, and Col. Villanueva, representing President Diaz and General Banjet, also spoke. President Harrison said:

THE PRESIDENT AT LORDSBURG.

LORDSBURG, N. M. April 21.—The Presidential train arrived here at 3:21 P. M., and was met at the depot by the entire town. Postmaster Kedsie, on behalf of the citizens, handed the President a case of elegant specimens of silver ore mined in this vicinity, inscribed: "Protect the chief industry of our territories. Give us free coinage of silver." The President responded: "I thank you very much for this elegant souvenir, and assure you that due care will be taken of your best interests." The speech was responded to with three cheers. Messrs Harrison, Wanamaker, Rusk and McCook were introduced and greeted with cheers.

El Paso, April 21.—President Harrison, in his address said he received with great satisfaction, the tributes of respect which had been brought by the Governor of Chihuahua and representatives of the army of Mexico. He desired to return to them, and through them to the people of Mexico, and to that illustrious and progressive statesman who presides over her destinies, not only his sincere personal regard, but the assurance of friendliness and respect of the American government and people. "I look forward," said he, with interest to larger development of our trade to opening of new lines of commerce and new avenues of friendship.

We have passed I hope, that year in our history when we were an aggressive and unpleasant neighbor. We do not covet territory of any other people, but we do covet their friendship and those trade exchanges which are mutually profitable.

General Stanley and his aids who had escorted the Presidential party from Galveston, left them here, being relieved by General McCook and aids of the department of Arizona, who will accompany them to Los Angeles. Governor Prince of New Mexico, joined the party at this point.

## At Tucson.

Tucson, April 21.—The Presidential train arrived here at 8:20 o'clock this afternoon, the city was brilliantly illuminated in the Presidents honor. A salute was fired and bells rung and a large and enthusiastic crowd gathered at the station. The President made a speech from the rear platform and afterwards shook hands with all in reach. The train left at 8:30 for Los Angeles.

Governor Markham at Colton. Colton, Cal., April 21.—Governor Markham arrived here this evening enroute to Yuma to meet the President. Great preparations are being made for the President's reception here tomorrow.

## DAYARD'S SUN SETTING.

He Offers His Washington Residence For Sale.

WASHINGTON, D. C. April 21.—Ex-Secretary Bayard has offered for sale the residence on Massachusetts avenue which he has owned for many years. This naturally interpreted as meaning that Mr. Bayard considers himself out of politics permanently. The Bayard family for these generations has had a conspicuous place in the national affairs. James Ashton Bayard was in the House from 1797 for two terms and then in the Senate for two terms. Both of this Bayard's sons were United States Senators. One of them served nine years and the other for eighteen years. They also held other positions. Thomas Francis Bayard succeeded his father in the Senate and held the seat sixteen years until he voluntarily gave it up to go into Cleveland Cabinet. There has been only one or two short interims in the century when a member of the family was not in federal office of high degree. It does not appear, however, that the sons of the Ex-Secretary incline to remain in Delaware, or that they have political ambition. The political son of the Bayard's has probably set. There is this that can be said, no public scandal was ever connected with the name. The Bayard's were chevaliers without reproach in political life.

## Wounded His Wife's Paramour.

TEXARKANA, ARK., April 21.—Last night Harry White, colored on going home at an unusual hour found his wife and a colored neighbor named Harris in a compromising position. Harris dashed out at a back door closely pursued by the infuriated husband, who was armed with a revolver which he discharged five times at the fugitive. One of the bullets struck Harris in the back, inflicting a very painful but not dangerous wound. White surrendered to the officers, and in default of bail was locked up.

## FORGED A WILL.

The Scheme That Brought Two Chicago Men to Prison.

CHICAGO, April 20.—After a sensational trial John C. Cosgrove and James R. McElligott were tonight found guilty of forging a rich woman's will and given three and nine years, respectively, in the penitentiary. Cosgrove is a boot and shoe maker who roomed in a building owned by a large number of relatives and friends, and a legacy of \$30,000 to Cosgrove's two minor sons, whom it has since been proven she had never seen. Relatives contested the will, alleging forgery, and after some investigation Cosgrove and McElligott were arrested, and the trial resulted tonight as above.

## The Wheat Market.

SAN FRANCISCO, April 21.—The local wheat market rose to 131 1/4 this morning but the feeling was easier later in the day. Some heavy transactions took place on change and shorts seemed quite as active as longs. A rumor on the street to the effect that a broker had failed, developed the fact that S. W. Sears, a member of the board had been caught short and that some of his contracts had been bought in. It could not be termed a failure, all his engagements having been filled today. Under the existing arrangements it is almost impossible for a broker to fail for any great amount. He is compelled to cover his margins by a cash payment as the market advances or declines, and if the rules of the exchange were carried out, money would be deposited in the banks subject to call on settlement of account.

## Not in It.

ST. PAUL, April 21.—The legislature adjourned today sine die without having passed any of the radical bills which had so aroused fears of the business community and caused so much unfavorable comment through out the country. Some of the bills were taxation of mortgages providing severe penalties for usury and lowering rate of interest, hostile railway legislation and all measures aimed at corporations of all sorts in fact about all semi-communistic and agrarian measures died in one house or the other.

## Miscellaneous Work.

BIRMINGHAM, Ala., April 21.—Somebody removed the fish plates and caused the rails to spread, wrecking the passenger train on the Alabama and great Northern R. R. early this morning near Springfield. The engineer and fireman were scalded to death, but none of the passengers were injured. It is not known who the miscreants are.

## A Negro Hanged.

CHARLOTTEVILLE, Va., April 21.—Wm. Manros, alias Jordan a negro who murdered a policeman three years ago, was hanged this morning.

## THE MAN OF DESTINY

### Unburdens Himself Again

### On Silver Question

### Cleveland Wisely Desires not

### To Cross the Bridge

Will he Gets to it.—A Smooth and Oily Exposition of His Views Is Given.

New York, April 21.—The Telegram this afternoon printed a statement that state treasurer Stephens of Missouri, called on ex-president Cleveland, with letters from governor Francis and other leading Missouri democrats in order to secure from Cleveland a more thorough exposition of his views on silver question than given in a letter recently widely circulated. Replying to questions Cleveland said according to Stephens that the question should be thoroughly discussed before '92 and that there may be no danger of a divided party. Stevens reminded him that the western democrats wanted to know if Cleveland was elected in '92 and free coinage bill passed would he veto it. Cleveland replied: "If I should be elected president in '92 the bill would not reach me until '94 as congress would not meet until December '93 so that is a bridge we had better not cross till we come to it. What would be had for the country today might be necessary in '94. As the volume of business increases it is necessary to increase the currency. When the law passed providing for the coinage of two millions of dollars monthly I feared the result, for I thought it would prove an injury to the business interests of the country for the time at least. However the law proved a benefit for the country; in my opinion the country was ready for the change."

## A Clever Diamond Swindle.

BALTIMORE, Md., April 21.—Mr. Meyer Newman, of 1023 Park avenue, was cleverly swindled out of \$250 yesterday in a purchase of a pair of solitaire diamond ear-rings. Several days ago an advertisement appeared in a morning paper stating that some fine diamonds were for sale at a bargain. Seeman answered the advertisement yesterday, and was met by a man and a woman, who offered him a pair of fine diamonds for \$550. The visitor made an offer of \$500 for the stones, which, after some hesitation, was accepted. At the suggestion of the persons selling the diamonds they were taken to a prominent Baltimore street jeweler, who pronounced them to be genuine and well worth the price agreed upon. The stones were then placed in an envelope and a magistrate was sought to make a formal transfer of the property. The stones were then again, at the suggestion of the sellers, taken to the Safe Deposit Company, and placed in a strongbox. Yesterday afternoon it occurred to the purchaser that there might be something wrong with the diamonds, and he took them from the strong-box to satisfy himself that he had not been swindled. When he opened the envelope containing the stones his fears were realized, for the stones he found were greatly inferior to those he had bought. He at first thought from their appearances that they were paste, but the jeweler who passed judgment on the first pair informed him that they were worth about \$250. It seems that on the way to the magistrate's office after the purchase had been assured of the value of the stones, the envelope containing the cheaper diamonds was substituted for the original envelope. The transaction was reported to Marshal Frey yesterday afternoon, and the police are looking for the diamond sellers.

## Ben on his High Horse.

Boston, April 21.—A week ago Gen. Benj. Butler acting as attorney for Mrs. Johnson convicted of perjury, in a pension case had a dispute with U. S. district Judge Carpenter as result of which Butler was forbidden to appear before the court. This morning, however, when the case came up, Butler came in and insisted on addressing the court. Judge Carpenter declared him disorderly and ordered the marshal to remove him from the court room. The marshal and assistants escorted him out. The old General was much affected and his eyes filled with tears as he exclaimed: "I yield to force." When the marshal released him in the corridor Gen. Butler returned to the court room. Judge Carpenter had left the bench and the general after looking about and seeing the bench vacant exclaimed: "Well the room smells a little better now than it did a few minutes ago."

## National Press Meeting.

LOS ANGELES, Cal., April 21.—The Southern California Editorial Association have elected their President, Scipio Craig and H. Z. Osborne of Los Angeles Evening Express, delegates to National Press convention at St. Paul July 14th. They will co-operate with Northern California Editorial Association, to bring a session of the National Association to California next year.

## Florida's Senator.

TALLAHASSEE, Fla., April 21.—After the 25th ballot, which resulted last night as follows: Call 56, Spear 39, Bloxam 2, the Senatorial caucus adjourned.

## Published a Lottery "Ad."

ST. LOUIS, Mo., April 21.—A bench warrant was today issued by United States Judge Edgerton, of this city, for the arrest of Thos. H. Ayers, of the Vermillion Plain Talk, one of the leading Democratic weekly newspapers published in the southern part of the State. The United States Grand Jury today indicted Mr. Ayers for having published in his paper a lottery advertisement for a jeweler in Vermillion during Christmas week, the latter offering his customers tickets on a music box if a certain amount of goods was purchased. Postmaster Kilder, of Vermillion, refused to receive the Plain Talk as long as it contained the objectionable advertisement, and for several weeks outside subscribers could not get it. The case was appealed to Postmaster General Wanamaker, who confirmed the action of his subordinate. The next week's issue contained a rip-roaring editorial on Wanamaker and his methods, which resulted in an inspector being sent out, and the indictment is the result.

## Advance in Wheat.

SAN FRANCISCO, April 21.—Price of wheat still continues to advance in local speculative circles, and sales today establish an advance of thirteen and one quarter cents in quotations on Saturday. Last transactions recorded in call board was at one dollar seventy five, today that option opened at 1.81 and advanced from 81 and 1-4 to 93-3-4 and then to 98 1-4 buyer season jumped to 85 and closed this afternoon at 86. There was considerable trading in other options on an advance this morning, due to news from England that continental demand was active, and that cargoes had gone up to 9 pence per quarter.

## STRANGLER'S FRIEND.

Theatrical Manager H.H. While Wrestling, Injures Allen O. Myers.

CINCINNATI, April 21.—Theatrical Manager I. W. Hill of New York, while playfully scuffling with Allen O. Myers, the well-known newspaper man, publisher and proprietor of The Social Session, the official organ of the Order of Elks, of which he is Grand Secretary, suddenly threw his arm around Myers' neck and gave him a strangling squeeze.

So violent was the embrace that a blood vessel in Myers' neck was broken, and the blood flowing into the bronchial tubes nearly ended his existence by strangling. The hemorrhage has since violently continued, and his physician tonight considers his condition critical.

## Foreign Markets.

LONDON, April 21.—Mark Lane Express: English wheat continues in sellers favor Foreign active during the week and there were large sales at a rise of 6d. Barley is in demand at an advance of 1s. Oats 6d higher. For May there was an increased inquiry. Trade is realizing high profit. At today's market London average for English wheat was 39 d for
